Hensel - a part of a Smart City

**More information: [www.hensel.in](http://www.hensel.in)**

designed in  **GERMANY** + assembled in  **INDIA**

## Hensel - a part of a Smart City

Wherever environmental influences, dust and humidity require a particularly sophisticated installation technology, Hensel with its innovative solutions enables the reliable and safe distribution of energy.

The range of modern electrical installation and power distribution systems for national and international applications has made Hensel into one of the market leaders in the distribution of electrical energy in the low voltage sector.

### With vision into a secure future generation

“Sustainability” for Hensel means being responsible in the sense of preserving resources and avoiding the use of hazardous materials (RoHS). An environmental management system is exactly the same practice as restraining company practices due to associated risks by using a risk management system.

**ENYCASE®**  
DK Cable Junction boxes  
1.5-240 mm², IP 54-67

**ENYSUN**  
Safe product solutions  
for Photovoltaic plants  
conforming to standards

**ENYBOARD**  
KV Small-type distribution boards  
up to 63 A, 3-54 modules,  
IP 54-65

**ENYMOD**  
Mi Power Distribution boards  
up to 630 A, IP 54-65

**ENYSTAR®**  
Distribution boards with door  
up to 250 A, IP 66
