### Range Overview

Circuit Breaker Boxes

**KV small-type distribution boards are big in the safe and economical power supply in buildings, commercial and industrial applications. Close to working places. Safe through using highest material quality. Conforming to standards with Hensel expertise.**

- Small-type distribution board up to IP 65
- For DIN-rail mounted devices up to 63 A according to DIN 43 871
- Operation and access by unskilled persons.
- In accordance with DIN EN 60 439-3

**KV Small-type distribution boards offer many benefits to electricians**

■ Compact user friendly solution, optically optimized by cable entry cover

■ DIN-rails with stopper for proper position of installation device

■ Integrated compartment - everything is always in its place, nothing will be lost

■ One door across all DIN rails

**Practical solutions**

for cable entry and accessories

■ Cable entry IP 65 with integrated, elastic membranes

■ Cable entry via metric knockouts and cable glands

**Safely closed**

through closing mechanism and sealing

■ Lockable door via locking device and/or sealable

■ Sealing of top and bottom part

■ Door hinging interchangeable fast and easy from left to right

**Modern enclosure**

with lots of space for installation and wiring

■ Perfect installation solution for cable trunking

■ Multiple enclosure fixing - also on pillars or narrow components

■ More space for wiring, convenient access to the wiring

■ Variable installation depth through mounting DIN-rails in different levels

■ Included blanking strips

**Quick installation**

through FIXCONNECT® plug-in terminal technology

■ FIXCONNECT® terminal technology for PE and N

■ N separable for various potentials via plug-in jumper

■ Labelling option of terminals

■ Lots of space for identification of electrical circuits

■ Editable template at [www.hensel-electric.de](http://www.hensel-electric.de)

**High quality material**

for demanding areas of application

■ Flame-retardant, self-extinguishing  
Burning behaviour: Glow wire test according to IEC 60 695-2-11
